The examined samples were found to fulfil the requirements in the above-specified standards and applicable regulations of SOLAS 74, as amended, and the relevant resolutions and circulars of IMO as specified for 2014/90/EU incl. Regulation 2017/306/EU item number MED/1.4, and ANNEX II, Module B, of the Directive. The type-examined models and the basis for the type approvals, including application and operating restrictions, are described in the appendix to this certificate.

This certificate will remain valid unless cancelled or revoked, provided the conditions in the attached appendix are complied with and the equipment remains satisfactory in service. The certificate will not be valid if the manufacturer makes any changes or modifications to the approved equipment, which have not been notified to, and agreed with the notified body named on this certificate. Should the specified regulations or standards be amended during the validity of this certificate, the product(s) is/are to be reapproved prior to being placed on board vessels to which the amended regulations or standards apply. Certificate No. DK-0200-MarED-142 version5 replaces certificate DK-0200-MarED-142 version 4 dated 2013-06-25 due to use of new materials and new Directive references. Products referring to the previous version of the certificate remains valid.
