The pilot suit is developed to ensure easy donning, doffing and transit comfort. Breathable three laminate FR fabrics and unique construction enable excellent mobility and flexibility.

- EASA ETSO 2C503 approved immersion suit and lifejacket with EBS
- 4 h – thermal protection
- The suit is designed to work in conjunction with SeaLion Europe Lifejacket. The two products form a complete safety system for helicopter pilots operating flights offshore.
- The Lifejacket has a modern, slim and easy to wear design with cat A compressed air EBS integrated in back pocket

SeaAir Europe Pilot

Color: 300 Yellow

Sizes: Standard XS-XXL or

Made to measurement – Personal suit

- The suit consists of an outer shell and a thermal zip-in lining in highly flame retardant fabrics
- Soft and highly elastic neoprene neck and cuff closures combining comfort and water tightness
- Available with curved, vertical and diagonal zip versions (PU Tizip MasterSeal)
- In addition to standard sizing XS – XXL, the suit can be custom made to actual body measurements
- Unique construction for ease of movement
- Strategically placed cargo pockets on calf and sleeves with room for hood, gloves and personal belongings
- Integrated socks for choice of footwear
- Waist adjustment with velcro and elastics to secure individual fit
- Reinforced knee areas with easy placement and adjustment of knee pads
- Integrated and detachable suspenders inside for ease of use in transit periods
- Hanger loop inside suit for easy storage

SeaAir Europe Pilot

Farger: 300 Yellow

STR: Standard XS-XXL eller skreddersydd etter egne mål

- Drakten består av et ytre skall og et termisk zip-in fór i flammehemmende materialer
- Myk og svært elastisk hals- og mansjett-lukninger i neopren som kombinerer komfort og vanntetthet
- Kan leveres med buede, vertikale og diagonale glidelåsversjoner (PU TIZIP Masterseal)
- I tillegg til standardstørrelser XS-XXL kan drakten skreddersys etter egne mål
- Unik konstruksjon for god bevegelighet
- Lommer strategisk plassert på ermer og ben med plass til hansker, hette og personlige eiendeler
- Sokker integrert i drakt åpner for eget valg av fottøy
- Justering med borrelås og strikk i midjen for å sikre god individuell passform
- Forsterkning på knær og enkel tilgang for plassering og justering av kneputer
- Integreerte og avtagbare seler
- Innvendig hempe for enkel oppbevaring av drakt

Compressed air EBS approved by CAA-UK in accordance with CAP 1034

Neoprene boots

FlexiBoot is the obvious choice as an accessory for our dry suits with or without socks. A robust boot - still lightweight and durable with good friction. Suitable for all HP dry suits with socks. The boots are comfortable and will extend the life of your suit. FlexiBoot is made of neoprene with sole and reinforcements in rubber to provide extra support and comfort. May be used with fins/flippers. Sizes 38 -47

Suit with alternative/separate adjustable neck seal

The new development offers the user comfort (ventilation) in transit periods without undonning the suit. A 100% waterproof seal is achieved with a simple maneuver.

As an alternative to the suit with waterproof zip in neck seal, Hansen Protection offers a suit with a innovative neck seal construction and separate waterproof zipper

Adjustable neck seal

Zip in neck seal

Fixed neck seal
