

Helicopter Passenger Suits

Lifting strap with stainless steel D-ring and carabine hook

SeaAir Training - dedicated training suit for Norwegian Oil & Gas/OPITO certified HUET training

- Outer layer of 100% waterproof, PU-coated material
- Based on the SeaAir IMO/SOLAS and ETSO approved suit - adjusted for daily training
- Double welded seams and approved reflective tape
- Approved emergency light, buddy line, integrated lifting strap and open collar for rescue
- Insulated three finger gloves with waterproof zipper and inside cuffs with pulse warmer
- Fixed boots with extra insulation
- Optional manually disposable inflatable buoyancy lung.
- Emergency re-breathing system (ERBS) with disposable training lung (suit art.no. 20171)
- Emergency breathing system (EBS) with compressed air (SeaAir EBS) (suit art.no. 85502)
- Hood in super elastic neoprene laminate
- Sprayhood - detachable

SeaAir TRAINING COLOURS: 290 Orange SIZES: S - XXL

- Training replica of the ETSO & IMO Solas approved SeaAir suit, adjusted and reinforced for everyday use in HUET training centers
- Reflects the suit used in everyday helicopter transportation
- Used in HUET training centers in Scandinavia, EU and Russia
- Deviations from the original SeaAir-suit:
 - Reinforced and simplified for durability
 - Reflective patches sewn to the suit
 - Size range reflects the most commonly used sizes in actual transportation
 - Automatic release mechanism in ERBS eliminated for repeated use and simplified maintenance. (suit art.no. 20171)

OPTIONAL:

- ERBS (emergency re-breather system) specially adapted for training (suit art.no. 20171)
- Disposable breathing lungs for training are easily mounted in the suit (suit art.no. 20171)
- EBS, SeaAir EBS (cat A EBS with compressed air) for intergration in suit (suit art.no. 85502)
- Disposable buoyancy lung for increased free board optional. Collar modified for simple installation
- Special and durable lining for training (two linings recommended per suit). No zip-in. (suit art.no. 20172)
- Antenna bracket for HPL PLB can be supplied as loose demo unit

20171/85502	S	163-170	41/42
20171/85502	M	169-176	43/44
20171/85502	L	175-182	45/46
20171/85502	XL	181-188	45/46
20171/85502	XXL	187-194	45/46

20171: SeaAir training with ERBS (emergency re-breather system)

85502: SeaAir training ready for intergration of cat A EBS (compressed air)

SeaAir TRENINGSDRAKT FARGER: 290 Orange STR: S - XXL

- Treningsdrakt-variant av ETSO & IMO Solas godkjent SeaAir, justert og forsterket for hard, daglig bruk i HUET treningscentre
- Gjenspeiler drakten som benyttes i daglig helikoptertransport
- Benyttes i HUET treningscentre i Skandinavia, EU og Russland
- Endringer i forhold til original SeaAir
 - Forsterket og forenklet for slitestyrke
 - Påsydde reflekser
 - Størrelsesinndeling gjenspeiler de mest brukte størrelser i daglig transport
 - Automatisk utløsermekanisme i ERBS er tatt bort for gjentatt bruk og forenklet vedlikehold (gjelder drakt art.nr. 20171)

LEVERES SEPARAT:

- ERBS nødpustesystem spesielt tilpasset trening (gjelder drakt art.nr. 20171)
- Engangs-pustelunger for trening kan enkelt monteres og demonteres (gjelder drakt art.nr. 20171)
- EBS, SeaAir EBS (cat A EBS med komprimert luft) for integrering i drakten (gjelder drakt art.nr. 85502)
- Engangs-pustelunge for økt fribord. Krave modifisert for enkel montering.
- Treningsfôr i enklere, mer robust utførelse uten zip-in (to fôr anbefalt pr drakt) (gjelder drakt art.nr. 20172)
- Antennebrakett for HPL PLB kan leveres løst som demo-enhet
