

SeaAir Europe Crew Pazifik

Reference#

SeaAir Europe Crew

A newly developed, innovative helicopter pilot and crew suit with three different options for front closing and neck seals. Soft and highly elastic neck and cuff closures in neoprene provide excellent comfort and a watertight fit. The suit is ETSO 2C503 certified as a 4-hour suit. In combination with our SeaLion Europe Pilot lifejacket, you have a complete safety system for helicopter pilots and crews flying offshore. The suit has many practical details such as removable thigh pockets for a notebook, cards or iPad Mini, etc., leg pockets with flaps, gloves in the sleeves, and so on. The SeaAir Europe Pilot Suit consists of an outer shell in breathable three-layer material and a thermal zip-in lining.

Facts

- The suit consists of an outer shell and a thermal zip-in lining with the best combination of breathable properties and durability
- Soft and highly elastic neoprene neck and cuff closures combining comfort and water tightness
- Option of an innovative adjustable neck seal. Offers the user comfort and ventilation in transit periods without doffing the suit. 100% waterproof seal is achieved with a simple maneuver
- Waist adjustment with velcro/elastics to secure individual fit
