

OMS Ceramic Line Cutter

Reference# 88060-3

OMS Ceramic Line Cutter

OMS line cutter with ceramic cutting edge. The OMS line cutter is a small tool to cut fishing lines or thin ropes in emergency. The OMS line cutter can be attached to a harness or waistbelt. But it can also be safely stowed in a thigh pocket. The OMS linen cutter comes with a bag. The ceramic cutting edge of the OMS linen cutter is exchangeable. A very sturdy cutting tool for your safety.

This line cutter is equipped with a ceramic blade that will not corrode. These knives reduce the risk of accidentally cutting or puncturing your equipment.

Delivered complete with:

- Ceramic Line Cutter - one-sided ceramic blade
- The sheath is suitable for attachment to webbing, or for mounting on the wrist
- Two fastening options for cutter in sheath - quick release, or extra secured
