

SeaAir Europe Crew Nomex III

Reference#

SeaAir Europe Crew Nomex III

A newly developed, innovative helicopter pilot and crew suit with three different options for front closing and neck seals. Soft and highly elastic neck and cuff closures in neoprene provide excellent comfort and a watertight fit. The suit is ETSO 2C503 certified as a 4-hour suit. In combination with our SeaLion Europe Crew lifejacket, you have a complete safety system for helicopter pilots and crews flying offshore. The suit has many practical details such as removable thigh pockets for a notebook, cards or iPad Mini, leg pockets with flaps, gloves in the sleeves, and so on. The SeaAir Europe Crew Suit consists of an outer shell in breathable three-layer material and a thermal zip-in flame retardant lining.

Approved helicopter flight suit. The suit is designed for compatibility with the SeaLion Europe Crew lifejacket. This combination is a complete safety system for helicopter pilots and crew flying offshore. The lifejacket is engineered with focus on ergonomics and functionality in the daily operations, easy to wear with Cat A CA EBS in a flexible pocket on the side/back.

Facts

- The suit consists of an outer shell and a thermal zip-in lining in highly flame retardant fabrics
- Soft and highly elastic neoprene neck and cuff closures combining comfort and water tightness
- Option of an innovative adjustable neck seal. Offers the user comfort and ventilation in transit periods without doffing the suit. 100% waterproof seal is achieved with a simple maneuver
