

SeaLion Europe Crew 275N

Reference# 82999

SeaLion Europe 275N Crew Lifejacket

SeaLion Europe Crew is a flexible lifejacket specifically designed for operational pilots and crew. It is certified for use together with our SeaAir EBS II that is integrated by means a removable hip/back pocket that can be positioned so it does not interfere with operating the helicopter. (SeaAir EBS II is purchased separately). This lifejacket is also designed for use together with our SeaAir Europe Crew suit. Together the suit and lifejacket form complete safety concept for offshore helicopter pilots and flight crew.

Facts

- The lifejacket has a modern, slim and easy to wear design with Cat A compressed air EBS integrated in side / back pocket
- Prepared for integration of Cat A EBS (SeaAir EBS), approved by CAA-UK in accordance with CAP 1034
- Please note: SeaAir EBS is delivered separately
- 300N buoyancy lifejacket lung
- Manually activated 60g CO₂-cylinder
