

SeaWind Inspector

Reference# 85387-19250XS

SeaWind Inspector

Comfortable suit for demanding conditions. Designed with focus on ergonomics, weight and comfort without compromise. SeaWind Inspector has been certified according to the relevant SOLAS, ISO and ETSO requirements. As such it has been approved for almost any demanding work situation. No other survival suit can claim to be suitable for such a wide range of applications as the SeaWind concept.

Even if the SeaWind Inspector is developed specifically for fishery inspectors in the Norwegian Coast Guard, the suit is extremely versatile. Its many details, great flexibility and wide range of applications makes this Norwegian made suit from Hansen Protection the first choice for many occupational groups and professionals, not least for use in the demanding conditions that is part of the service and maintenance of wind turbines and offshore oil & gas installations.

Facts

- Ergonomic – Y-construction with maximum freedom of movement
- Comfort – made in lightweight, durable main material with highly breathable properties
- Ventilation – adjustable neck-seal to enhance ventilation in non-exposed situations
- Hood on left shoulder
- Detachable storm collar lined with fleece
